

## Worksheet 1

# Toffee in Trouble

## All About Adjectives

An adjective is a *describing word*.

Use adjectives to describe the following categories.  
There is an example in each to help get you started.

(*HINT: **Texture** is how something feels.*)

Temperature	Size	Colour	Texture
cold	small	brown	hard

**Challenge!** Now create an interesting sentence using words from each column.

For example: On a cold, winter's night, a small, brown dog shivered on the hard footpath.
