

Worksheet 2

The Bravest Knight

Could You be a Knight?

In your opinion, what qualities would you need to be a knight?

Make a list of the qualities and give a simple reason or example of why such a quality would be important (and you don't have to be serious if you don't want to).

For example:

Quality: Patience

Reason: Dealing with silly old Kings and screaming silly Princes or Princesses

Example: When being sent off to slay dragons, having to prove you are worthy of some spoiled bratty princess or wimpy Prince
