Aladdin

Who is the hero?

In any story the author decides who will be the **hero** (*the good guy*) and who will be the **villain** (*the bad guy*).

In this folktale, Aladdin is the hero and the Sorcerer is the villain. Consider how different the story would be if it was written with the Sorcerer as a good guy.

Think about the events in the story.

The Sorcerer helped a poor family; he gave Aladdin a magic ring to protect him; Aladdin stole the lamp and used it to make himself wealthy...

In the space below draft a plan for telling the story from the point of view of the Sorcerer. Begin with the Sorcerer telling how he came to be locked away as a result of being kind to a poor family.

Use this draft to write your story.
