Write Work

Sensory Poem

Now you have read "The Marble of All Seasons", can you work on the words in the story?
You will remember that words come in different types. The most common are nouns (the names of things), verbs (words for actions) and adjectives (describing words). Here is an example:

My pet **cat** (noun) **thinks** (verb) sardines are **delicious** (adjective).

Here are words from the story, all mixed up together. Can you put them in the correct column?

Autumn beautiful bigger break brother buy carnival clowns emerald giant glass know magical marble name purple right sat seasons shivered smiled vanished walked wrinkled

NOUNS	VERBS	ADJECTIVES
